

The Night Enigma

The Night Enigma

Verse 1

The night enigma is a mystery,
Dating back to age-old history.
Some might say the night is dark,
Where all of the dogs behind fences bark.

Those who may become frightened,
Must learn to feel enlightened.
Some say time with friends is key,
Others say it's family.

Verse 2

Considering all those things,
There is one King above all kings.
His name is Jesus,
And He is always with us.

Chorus

So in the enigma of the night,
Do not be afraid.
For when you're in that fearful fight,
He will come to your aid.

When the darkness fills your sight,
And you cannot find your way,
Jesus walks there by your side,
And He will never fade.

Verse 3

Yes, time with friends
And time with family is important.
But don't forget the greatest gift of all,
Jesus will answer your call.

Bridge

When the stars are hidden from the sky,
And every question asks you why,
When every answer seems too far,
Remember whose beloved child you are.

For the One who calmed the raging sea,
Is the One who's watching over me.

Through every trial, through every scar,
His faithful love is where we are.

Final Chorus

So in the enigma of the night,
Do not be afraid.
For when you're in that fearful fight,
He will come to your aid.

When the darkness fills your sight,
And you cannot find your way,
Jesus walks there by your side,
And He will never fade.

Jesus walks there by your side,
And He will never fade.

Intro to Renegades

Agtergrond: "Nie Renegades nie, speel iets anders!"

Stop guitar.

"Ag, ok fine."

Jy sê jy wil nie daardie song luister nie,
want hy is nie op jou playlist nie.
Jou playlist bestaan uit liefdesverhale
en harde metale.

Die songs oor voëls op jou playlist
maak jou dink jy's nie op my lys.
Die hadeda wat skree maak jou sê: "Ag, ge nee, al weer!"
Nou wys ek jou hoe lyk donderweer.

Weer en weer, na elke keer,
val jy net weer op die pad van teer.
Jy lê daar met jou denim broek van pep geskeur,
maak jouself reg vir die fees wat nou gaan gebeur.

Ek haal uit my pakkie van Field and Flavour,
dan maak ek jou myne.
Ek skiet my skoot,
my vliegtuig staan in die vloot.
Ek kan jou die wêreld wys,
kom ons travel na Parys.

Jy sê jy eet nie vleis,
dan kan ek jou nie die wêreld wys.
My gunsteling vleis is steak.
Die villagers in my Minecraft-huis
voel hulle word verbruik.

My vellies is aan,
ek kan nie ophou vir jou staar.
Jy sit alleen by die bar,
jy lyk so maar.
Jy pluk uit 'n vet kitaar,
maar ek sê jy tog so maar,
so ek maak nou die braaivleis gaar.

Jy sê jy eet nie melktert,
ek voel jy praat 'n klomp snert.
Jy sê jy smaak 'n koeksister
Ek sê: luister hier, mister,
ek gaan jou gooi met jou Afrikaanse boek, minister.

Jou braaibroodjie op my rooster,
ek gaan jou wys hoe ek jou wen in Twister.
My aksies wys meer as my woorde,
ek het my onderwyser gesê, ek belowe
ek sal nooit weer kroek.
Min het sy geweet, onder my stoel is 'n boek,
selfs minder: 'n vuil doek.

Rene, jy lyk bietjie gay,
jy kyk na die kinders in jou spaar tyd.
Jy gooi als neer, want jy wil vir hulle fluit (sexy whistle).
Min het hulle geweet, jy gebruik hulle as bait.

Jy sit aan jou sunglasses,
met jou blomme in jou vases.
Hulle sê niks van jou koffiebeker,
ek sê net dit blink soos 'n kaalkop man by die rugby-wêreldbeker.
Juffrou Rene, die Bokke het dalk verloor,
maar dit lyk of jy deesdae 'n gat in jou kop wil boor.

Mug & Bean — jy lyk so lean.
By KFC gebruik jy Mr Clean.
Jou kop is vuil,
jy bly in vuil Vanderbijl.

Ek staan in die shower,
my bodywash ruik nou soos wildflower.
Ek weet nie wat om te doen nie,
Checkers 60 neem 'n hour.

My pie is reg, jy gooi hom weg,
sê jy soek een, maar ek soek net respect.
Pepper steak, ja, dis my power,
dis my pie nou — prize of the hour!

Jy wys my jou chocolate rolo

Ek voel ek moet go nou

Voordat hierdie vlou mou vinning vlouer raak ou

Die gras is groen, jy se jou gunsteling dier is 'n skerpioen

Sonder dat ek dit weet

Gaan jy my eendag heeltemal vergeet

Daardie dag kom nooit vir my

Daardie aand het ons gevry

Ek het jou gesien as 'n vrou

Maar sonder dat ek weet was jy daar met 'n rolo

En toe jy kom uit as 'n baie ronde ou

Verse 1

G
The classroom sat in silence,
D/F#
Afternoon light painting my hands,
Em
Chalk dust floating slowly
C
Like time forgot its plans.

G
Two footsteps echoed,
D/F#
A laugh I barely knew,
Em
Then her eyes met mine,
C
And something froze in me.
Am
At thirteen forty-two,
Em
She whispered softly,
C
"I like you,"
D
And the words hung in the air.

Pre-Chorus

Am
The room kept breathing,
Em
But I couldn't move.
C
Some moments carry weight
D
That no reply can prove.

Am
I wanted to reach,
Em
But the words stayed back,

C
Until my own heart quietly said:
D
“I like you too.”

Chorus

G
I froze while the moment
D/F#
Was teaching me to feel,
Em
Time slowed,
C
And nothing else seemed real.

G
I carried that second
D/F#
Through silent years,
Em
Some truths are simple,
C D
But impossible to hear.

Verse 2

G
I was the new kid,
D/F#
Learning to read the signs,
Em
Jokes aimed somewhere,
C
Eyes lingering past the lines.

G
She called my name for help,
D/F#
I moved closer than I knew,
Em
Smiles that felt like questions,
C
I didn't have the cue.
Am

Behind my back they whispered,
Em
“Does he even see?”
C
And though it seemed obvious,
D
My mind refused to agree.

Pre-Chorus 2

Am
I thought that silence
Em
Would keep my heart intact,
C
But frozen choices
D
Become fate in fact.

Am
I wished I could speak,
Em
But feared I might betray
C
The weight of what was fleeting,
D
In that fragile day.

Bridge

Bm
Names floated softly,
Em
Like air around my head,
C
But even sounds can linger,
D
Even when unsaid.

Bm
Her name, it echoes often,
Em
The moment sharp and true,
C
Thirteen forty-two

D
Still plays inside my view.

Final Chorus

G
I froze while the moment
D/F#
Was teaching me to feel,
Em
And though it passed unnoticed,
C
I carried it still.

G
Some truths are fleeting,
D/F#
Some moments too clear,
Em
Time moves on around me,
C D
But thirteen forty-two
 G
Stays ringing in my ear.

Outro

Em
Thirteen forty-two...
C
Still ringing true...

G
Some moments never leave,
D/F#
No matter what we do.
Em
Time keeps moving on,
C G
But I still remember you.
